

## AIM MSE's (Monthly Shooting Events)

### 2014 ND MSE's April, May, June & July

- **100 Targets Events**
- **Any ATA registered Shoot**
- **No shoot in the area; clubs can register a day at home club for AIM shoot only.**
- **Clubs are not responsible for reporting Team scores, AIM Coaches must report on line.**
- **Clubs submit ATA scores as normal, clubs do not need to be informed of AIM shooters. Coaches are responsible for summing Team Scores on line.**
- **Individual AIM winners are processed by ATA through AIM/ATA number**

#### Individual MSE

Shooters can compete as many times as they would like within that month by shooting at ATA registered shoots. For individuals, the high score shot for each month will be chosen for each AIM member as the competition score for that MSE, which will be compiled from shoot reports at the end of the month. MSE scores will be applied to the day of the month the high score was shot. When an ATA Singles event consists of more than 100 targets, the total score for this event will be averaged for the use of MSE's. Scores that are not whole numbers will be rounded up. Example: A score of 197 out of 200 targets = 98.5% | MSE score rounded up= 99

#### Team MSE

- Consist of five shooters who live in the same state.
- Shoot on the same squad, trap field, and at the same registered shoot.
- Declare as a group what day they will be competing for team awards. Squads that shoot together more than one Singles event must declare beforehand which Singles event they are using as their score.

Scores for squads can be submitted using the Online Monthly Shooting Event (MSE) Score Submission Form found on [www.aim4ata.com](http://www.aim4ata.com). PLEASE NOTE: Shooters are only able to participate on one squad per month for squad team awards.

#### Categories:

- Pre-Sub                      Age 11 and Under
- Sub-Junior                  Age 12-14
- Junior                         Age 15-18
